

PowerDesigner將PDM匯出生成WORD文件 (rtf文件)

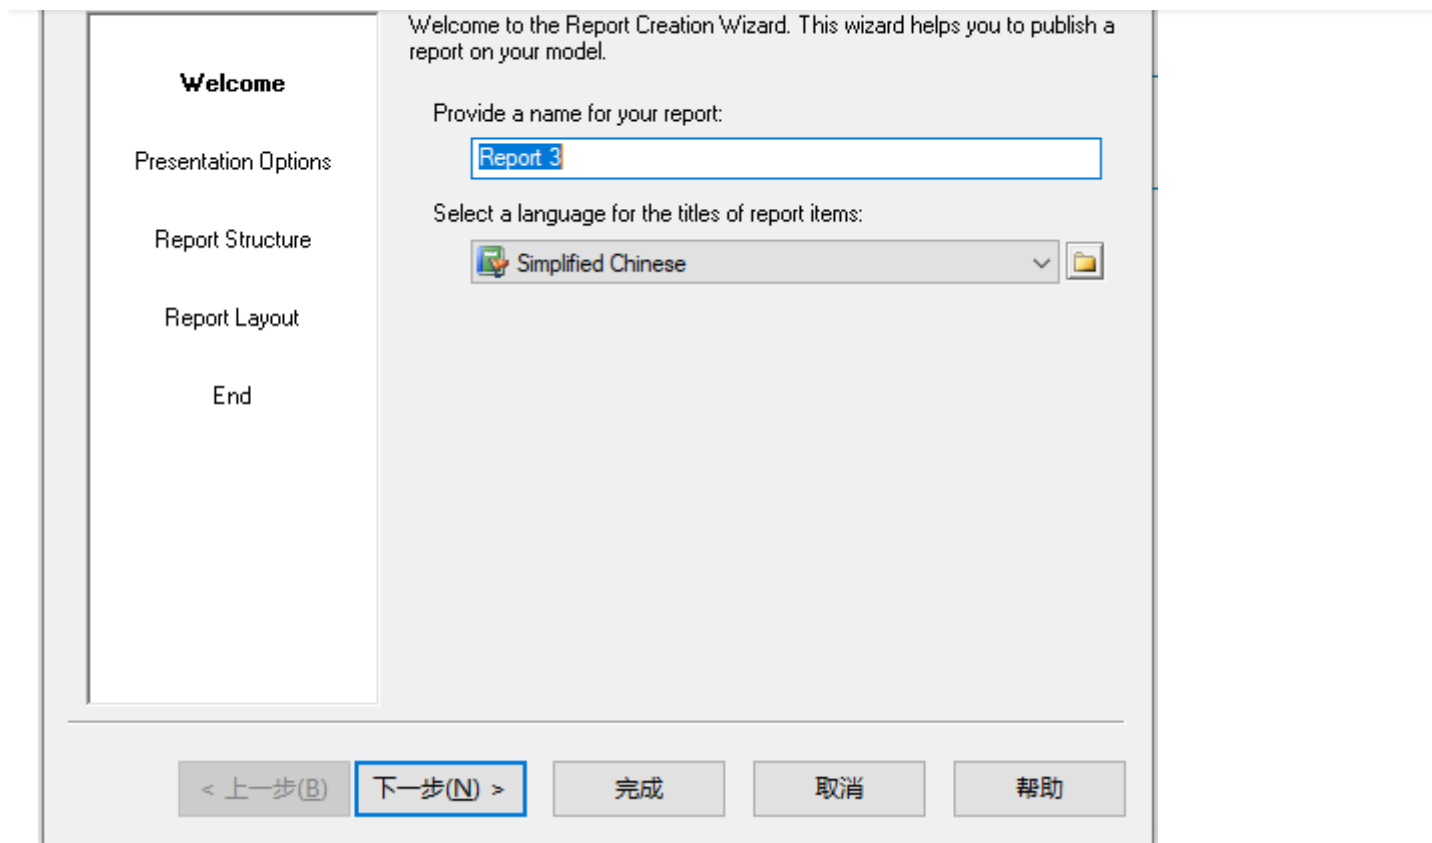

阿新 • 來源：網路 • 發佈：2020-10-11

環境

PowerDesigner15

第一步：開啟專案 → 報告 (report) → Reprot Wizard...

Welcome to the Report Creation Wizard. This wizard helps you to publish a report on your model.

Provide a name for your report:

Report 3

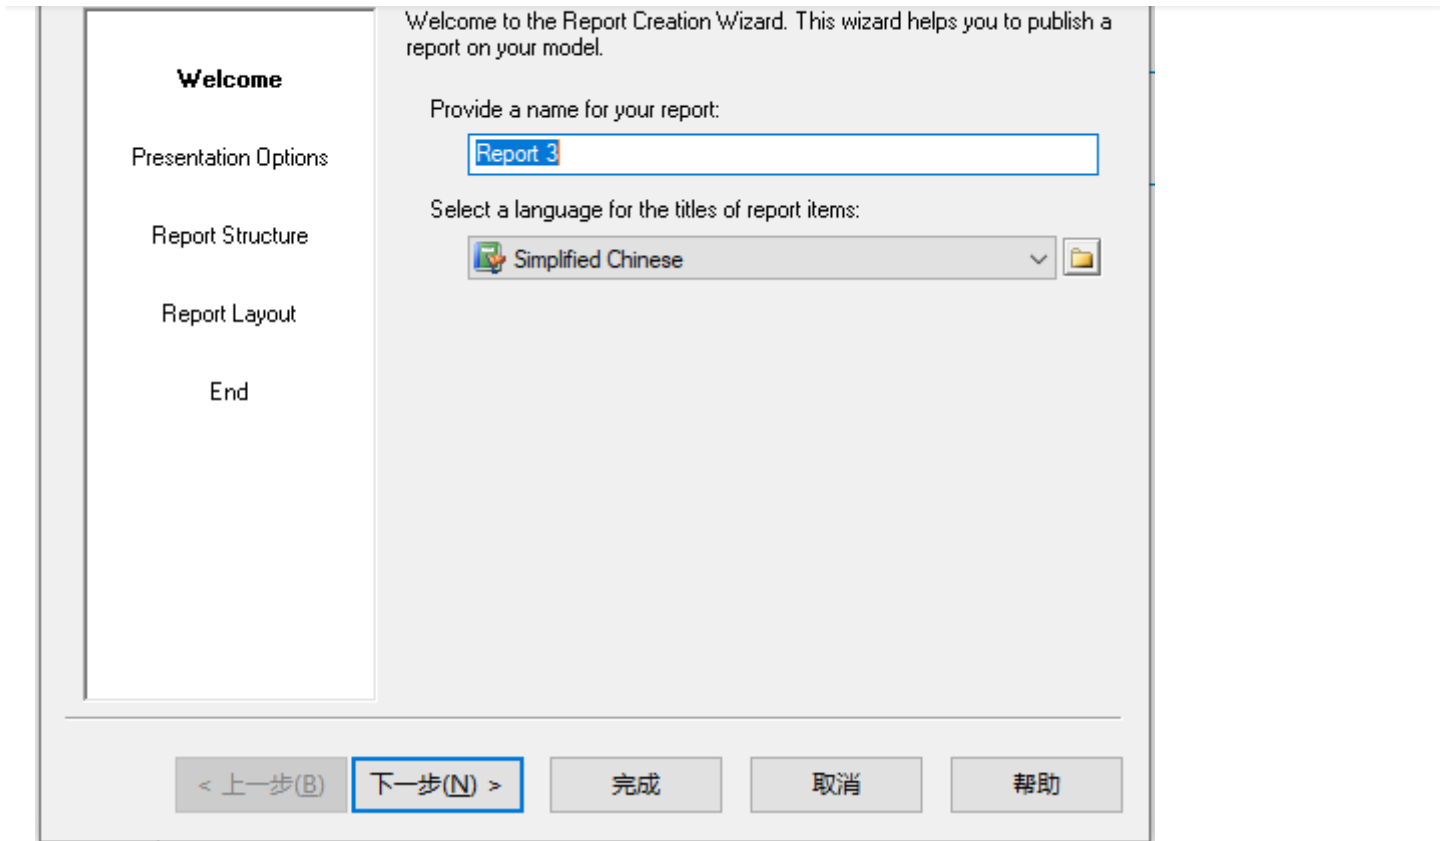

Select a language for the titles of report items:

Simplified Chinese

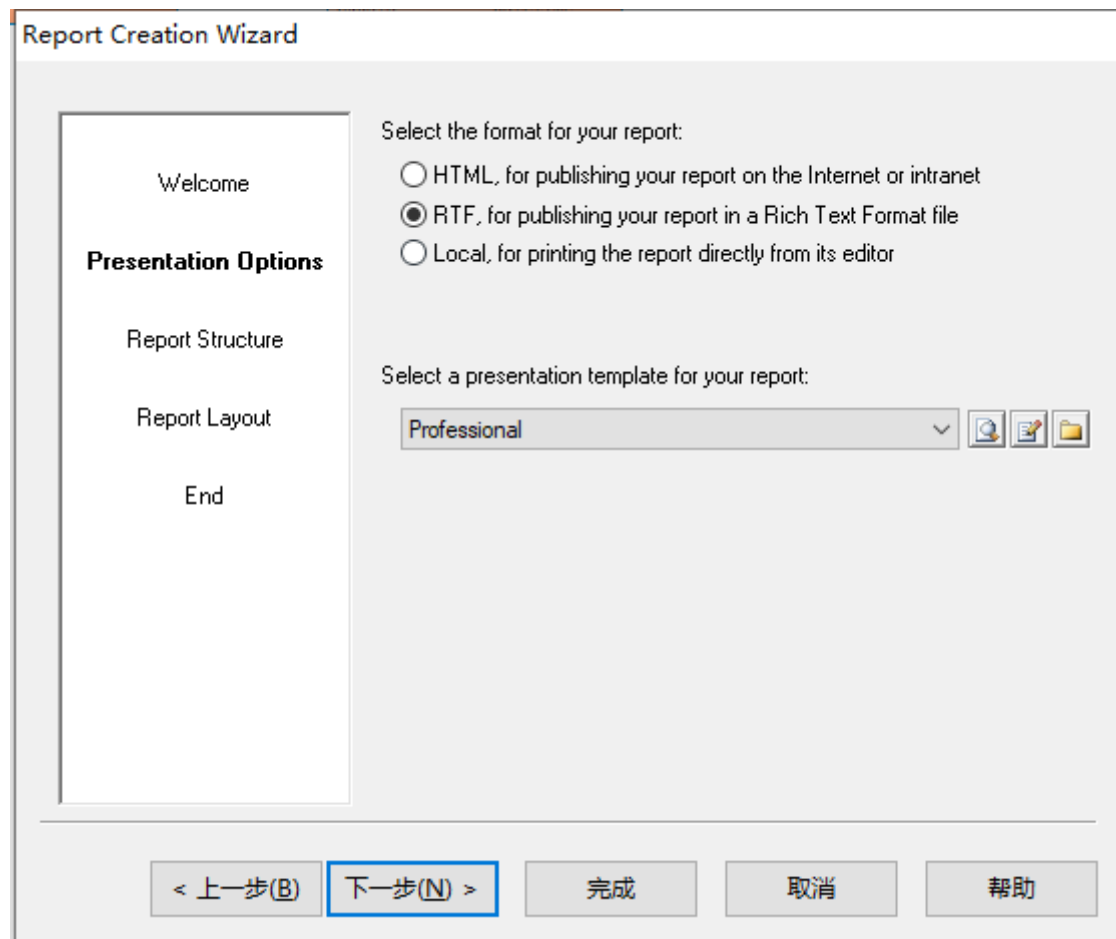

< 上一步(B) 下一步(N) > 完成 取消 帮助

第二部：開啟 Report Creation Wizard

填寫內容：名稱，語言。

選擇rtf格式，匯出版本型別：專業或者標準版 等

Report Structure

Table of Contents

1. Introduction
1.1 Description
1.2 Card of model
2. Short model description
2.1 Diagram 1
2.2 List of objects
2.3 List of links
3. Full model description
3.1 Diagram 1
3.2 Objects
3.2.1 List of objects
3.2.2 Object 1
3.2.2.1 Card of Object 1
3.2.3 Object 2
3.2.3.1 Card of Object 2
3.3 Links
3.3.1 List of links
3.3.2 Link 1
3.3.2.1 Card of Link 1

Choose what information you want to see in your report.
The preview pane on the left hand-side shows your choices in a sample report.

Report Creation Wizard

Welcome

Presentation Options

Report Structure

Report Layout

End

You can now customize the layout of report items.
You can choose which types of objects will appear, and the order in which they will appear.

You can also specify which attributes to display for each type of object in the list and card layouts.

Select an object type:

☒

Table

☐

Reference

Configure the layout:

List Layout

Card Layout

Attribute Name	D	Width
Name	<input checked="" type="checkbox"/>	50 %
Code	<input checked="" type="checkbox"/>	50 %
Parent	<input type="checkbox"/>	20 m
Display Name	<input type="checkbox"/>	50 m
Object Type	<input type="checkbox"/>	50 m
Creation Date	<input type="checkbox"/>	50 m
Creator	<input type="checkbox"/>	50 m
Modification Date	<input type="checkbox"/>	50 m
Modifier	<input type="checkbox"/>	50 m
Overall Modification	<input type="checkbox"/>	50 m
Class Name	<input type="checkbox"/>	50 m
Parent Folder	<input type="checkbox"/>	20 m
